

PEANUT BUTTER & JELLY

INSTRUCTIONS

PLAYERS: 2-4

CONTENTS: Giant Spinner/Game Board, 8 Jelly Pieces, 8 Peanut Butter Pieces, and 16 Bread Pieces

OBJECT: Be the first player to build two halves of a peanut butter and jelly sandwich in the correct order.

SET-UP:

1. Attach the spinner to the game board.
2. Carefully punch out the bread, peanut butter, and jelly pieces and place them in stacks on the four matching areas on the game board.

HOW TO PLAY:

1. Each player selects a corner plate on playing surface.
2. The first player to spin a star goes first; play moves to the left.
3. On your turn, give the spinner a whirl. If it stops on a piece you can use, take that piece from the pile and put it on your plate. Now it is the next player's turn.
4. If the spinner does not stop on a piece you can use, it is the next player's turn.
5. Possible spins:

IMPORTANT RULES:

1. You cannot take a piece unless you can use it on that turn.
2. You can add any piece you need to either side of your sandwich during the game. It is O.K. if your sandwich becomes uneven as long as the peanut butter and jelly pieces are played in the same order on both halves.

WINNING:

The first player to build a whole peanut butter and jelly sandwich in the correct order using four pieces of bread, two pieces of jelly, and two pieces of peanut butter is the winner.

NOTE:

Your sandwich must be built in the correct order. It must start with bread and end with bread.

The order of the peanut butter and jelly does not matter as long as both sides of the sandwich match.
